Examiner, Art Unit 1795

### **DETAILED ACTION**

Applicant's arguments, see pages 2-6, filed 5/1/2009, with respect to claims 1-8 and 12 have been fully considered and are persuasive. The rejection of claims 1-8 and 12 has been withdrawn.

### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Allyn Rhodes on 8/11/2009

The application has been amended as follows:

Please cancel the claims 9-11.

### ***Reasons for Allowance***

2. Claims 1-8 and 12 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The closest prior art of record do not anticipate or suggest or render obvious the invention as recited in the independent claim.

While Huang et al teaches a method for preparation of  $\text{LiFePO}_4/\text{C}$  comprising Li-containing an olivine precursor compound and mixing with carbon gel, neither Huang et al nor the remaining prior art of record would reasonably lead one of ordinary skill in the

Art Unit: 1795

art to arrive at the invention as currently claimed. For example, the prior art of record does not reasonably teach or suggest of the claimed method of preparing a carbon coated comprising Li-containing olivine or NASICON powder comprising steps of preparing a water-based solution including, as solutes, one or more Li-containing olivine or NASICON precursor compounds and one or more carbon-bearing monomer compounds; precipitating the Li- containing olivine or NASICON precursor compounds and polymerizing the monomer compounds in a single step; heat treating the obtained precipitate in a neutral or reducing environment in order to form a Li-containing olivine or NASICON crystalline phase and decompose the polymer to carbon. And there is nothing taught by the prior art of record to reasonably arrive at the claimed configuration.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MUHAMMAD SIDDIQUEE whose telephone number is (571) 270-3719. The examiner can normally be reached on Monday-Thursday, 7:30 am to 4:00 pm EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Patrick Ryan can be reached on 571-272-1292. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
